## Gerloff Company Opens A New Laboratory

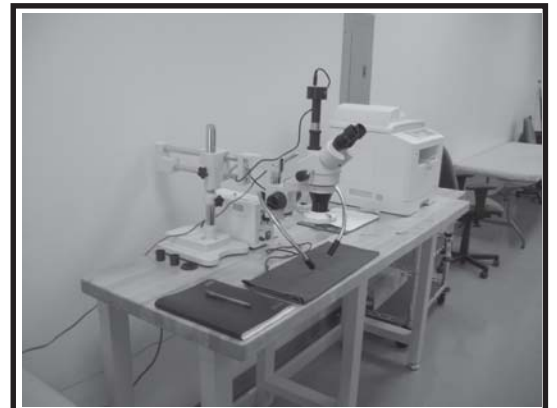

The Gerloff Company is please to announce the grand opening of the Gerloff on site Laboratory. The 1,400 square foot climate controlled Laboratory is available for use by Fire Investigators, Engineers, Insurance Investigators and the like. The Laboratory is an excellent setting for performing Third Party Examinations and Cause and Origin Analysis. The Laboratory consists of an examination area, two private offices and full bathroom with a shower. We also offer a 30,000 square foot secured storage facility with a designated area for evidence storage. The Laboratory coupled with our secured evidence storage facility makes it convenient for all your examination needs.

The Laboratory is equipped with a 5-Ton Hydraulic Lift and a 16-foot overhead door located on the West wall. These items create an ideal atmosphere for

conducting forensic vehicle examinations. The Laboratory is also equipped with a state of the art video surveillance system covered by 8 cameras to capture all of the processes in the examination area.

The Gerloff Laboratory offers the following equipment, personnel and services to assist your examination needs.

- Microscopy w/5mgp Camera
- X-Ray (Real-time)
- Portable X-Ray
- FLIR Infrared Camera
- 8x10 Color Prints
- Color Laser Prints
- Photo CD of Examination
- DVD Video of Examination
